The American bison is a North American species of bison that once roamed the grasslands of North America in massive herds. Their range once roughly comprised three quarters of North America.

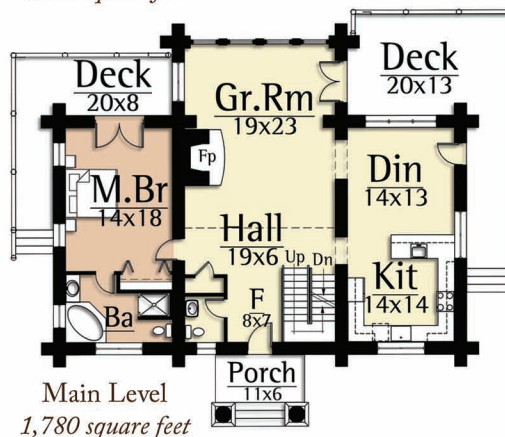

The Bison by MossCreek, is equally suitable across North America with its robust selection of architectural details including Boston ridge vents, corbeled log brackets, tapered stone columns and a stone water table. Inside the Bison there is an open Dining / Kitchen area for spacious entertaining. Within the total 2,847 s.f. there are 3 upper level bedrooms. On the main level there is a Master suite truly designed for a master, and large open living spaces.

BISON

2,847 total square feet

Upper Level
1,067 square feet

Main Level
1,780 square feet
