Early PA settlers patterned their barns after European barns. However, painting a barn red is purely an American aesthetic.

The Dutch by MossCreek is a reimagined early Dutch-American design that combines the functionality of a family home with the visual appeal of a classic barn.

The Dutch features:

- Open plan living
- Three bedrooms
- Vaulted rooms on upper level
- Large master suite
- Spacious kitchen and bar seating
- Laundry room
- Large fireplace in great room
- Expansive glass in great room
- Detached 2 car garage
- Rear porch
