The views from a mountaintop convey a sense of accomplishment to each climber who reaches the summit. The grandeur of the Mountaintop by MossCreek epitomizes this same spirit of personal accomplishment.

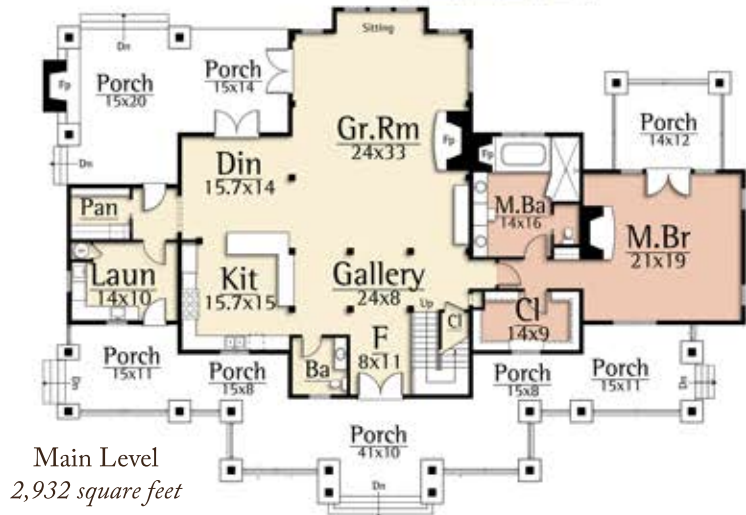

The Mountaintop exterior features a rugged rustic theme of stone, metal, and wood. Generous porches for outdoor living wrap main level.

On the interior, the Mountaintop's open floor plan is designed for entertaining. It's main level master bedroom, and two upper level bedroom suites, ensure that you and your guests are well taken care of. A large two story vaulted Great Room with exposed timber trusses and an open Kitchen/Dining Room complete a dramatic interior.
