Silos first appeared on American farms in 1873. The Silo Pavilion design by MossCreek is a reimagined barn and silo that combines the functionality of a guest house and entertainment pavilion with the visual appeal of a classic barn and silo.

The Silo Pavilion features:

- Large outdoor pavilion
- Outdoor fireplace
- A guest house with:
 - + Open plan
 - + Pantry
 - + Laundry
 - + Guest bath
 - + 2 bedrooms
 - + Silo with spiral stair
 - + Shared bath
 - + Balcony overlook
