The Zerenity design by MossCreek is perfect for a small getaway or a rental cabin. The narrow width and main/upper level design creates a robust amount of living in a modest amount of square footage.

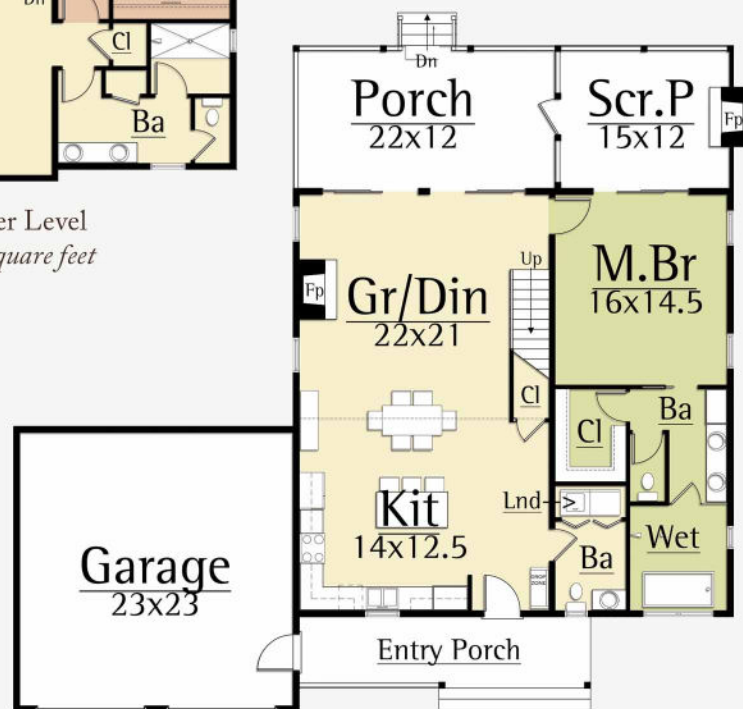

The contemporary exterior of the Zerenity is full of expressive roof lines and a mix of wood, metal, and stone. This organic approach ensures that this contemporary design nestles well in any natural setting.

The Zerenity interior features a main level with spacious open living, master suite, and laundry room areas. A gracious screened porch creates outdoor opportunities free from insects.

On the Upper level, the Zerenity includes a guest bedroom and a large loft that can double as an additional sleeping area.

Upper Level
