Red Sky by MossCreek draws inspiration from the timeless saying, "Red sky at night, sailor's delight," symbolizing serene weather and a sense of peace for those who witness it.

This tranquil spirit is reflected in its thoughtfully designed single-level layout, offering 3 spacious bedrooms and 3.5 baths. At the heart of the home is a soaring story-and-a-half vaulted Great Room, accented by exposed timber trusses and seamlessly connected to the open Kitchen and Dining areas—creating a dramatic yet inviting interior.

Clean, modern exterior detailing adds a contemporary touch, perfectly complementing the natural charm of this Pacific Northwest retreat.
