MOUNTAIN CONTEMPORARY

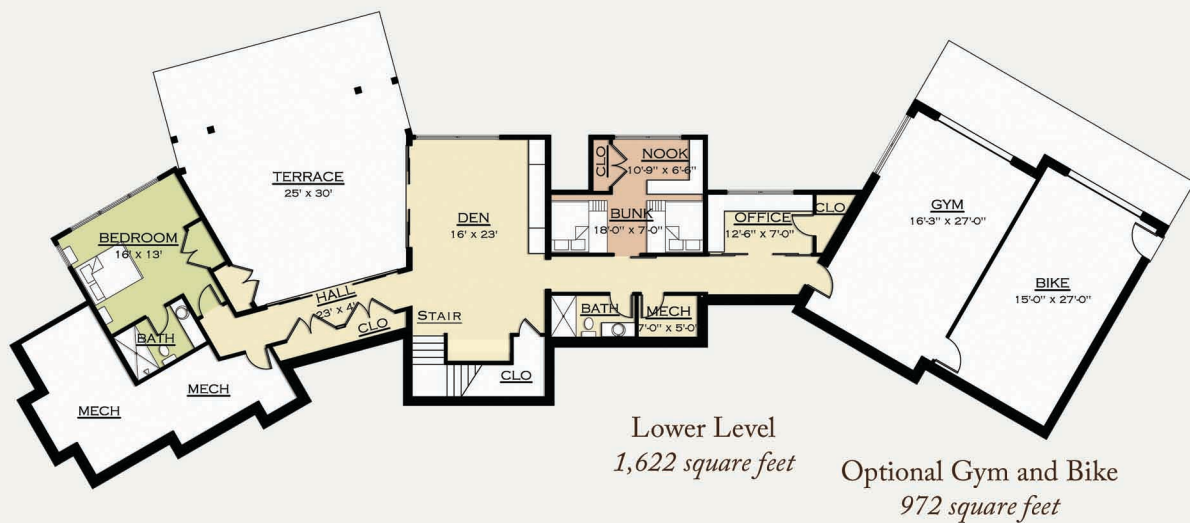

3,664 total square feet

3 Br, 3.5 Ba

Shiprock is a striking example of mountain contemporary architecture, seamlessly blending natural textures with modern elegance.

Spanning two levels, this 3-bedroom, 3.5-bath residence offers 3,664 square feet of refined living space.

The main and lower floors are thoughtfully designed to maximize light, views, and flow, with expansive windows framing the surrounding landscape. Luxury finishes are evident throughout—from the chef’s kitchen to the spa-inspired bathrooms. Shiprock’s bold exterior and warm interior create a harmonious retreat that feels both grounded and elevated, perfect for mountain living with a sophisticated edge.
