The Big Sky home embodies Contemporary Rustic Mountain Lodge style, featuring warm wood siding, stone accents, a prominent stone chimney, and dramatic timber-frame elements. The rear elevation stands out with a soaring glass gable and exposed beams, creating strong indoor-outdoor connections.

Main Level: Guests enter via a welcoming front porch (30' x 6') into a practical foyer with laundry access. The open-concept Great Room (16' x 21'-8") flows into a spacious Kitchen/-Dining area (13' x 26'-5") with bar/island, opening to a generous rear porch (30' x 12'). A private Master Suite (15'-7" x 13") with en-suite bath completes the level.

Upper Level: A loft-style Sitting Area (7'8" x 11'6") overlooks the great room, flanked by two bedrooms (Bedroom 2: 13'10" x 10'3"; Bedroom 3: 11'5" x 12'8") sharing a full bath.
